

Winter Storm Uri Community Relief Fund

The Power of Preservation Foundation (PoP) is offering \$100 microgrants to assist eligible San Antonio property owners or renters with plumbing repair expenses due to winter storm Uri.

This program assists low- to moderate-income residents who live in properties constructed in 1960 or earlier that have plumbing damage as a result of Winter Storm Uri. The grants are eligible for both pending or completed work as a partial reimbursement. The program is open to both owners and renters. Grants will be limited to one per residential unit. PoP will evaluate applications based on need and on a rolling basis until funding is exhausted. An application does not guarantee support. Grants will be disbursed via the payment method selected by the applicant on this application, to include Venmo, PayPal, or check. Please visit www.popsatx.org/grants for more information.
